B. The Board will hold a public hearing to solicit the recommendations and comments of members of the public regarding the Revised Personalized Learning Policy

Board President Renney announced the public hearing opened at 11:07 a.m.

Shellie Hanes explained on July 9th, Governor Newsom signed into law Assembly Bill 130 which added a variety of new rules for independent study programs. AB 130 requires updates to our board-approved Personalized Learning Policy and student master agreements.

The Personalized Learning Policy has been updated to include language about procedures for tiered re-engagement in response to student absenteeism, a defined level of “satisfactory educational progress” for students, a provision that every student will have access to connectivity and devices, added documentation requirements, how often parents will be contacted regarding their student’s progress, and a mandated level of live interaction and synchronous instruction for certain grade spans.

The synchronous instruction requirements for grades 9 to 12 must offer opportunities for at least weekly synchronous instruction for all students throughout the school year.

As defined in the new law, “synchronous instruction” means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of internet or telephonic communications, and involving live two-way communication between the teacher and student. Synchronous instruction must be provided by the teacher of record for each student.

The Master Agreement and Addendum have been updated to include the following:

- The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.
- The specific resources, including materials and personnel that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.
- A statement of the policies adopted herein regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed prior to an evaluation of whether or not the pupil should be allowed to continue in independent study.
- A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized

education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

Students typically sign the Master Agreement for the new school year on or before the first day of instruction, which is July 1st in our program. Since AB 130 was adopted on July 9th, 8 days after most students had already signed a Master Agreement for the new school year, this required the school team to reach out to students to obtain a new Master Agreement Addendum acknowledging the changes to the Master Agreement for the 2021-22 school year. AB 130 defined a 30-day grace period from the start of instruction to obtain the updated Master Agreement Addendum. As of today, the school has 99% of Master Agreement Addendums signed and collected. Shellie Hanes praised the school team for this accomplishment considering the new Addendum was not available for distribution until July 14th.

Shellie Hanes concluded her presentation and asked if there were any questions or comments from the board and members of the public.
