A. Rationale

In order to ensure the continual delivery of quality services to children with disabilities, the Charter SELPA developed a process for resolving any disputes regarding the

provision of services, governance actions, program transfers, and the distribution of funding.

B. Policy Statement

If a dispute arises over which agency is responsible for providing services, governance activities, program transfers, or the distribution of funding or if a Charter LEA, group of Charter LEAs, or FCSS believes that an action taken by the CEO Council will create an undue hardship on the member(s) or FCSS, or that the action taken exceeds the authority granted the CEO Council, the aggrieved Charter LEA(s) or FCSS may request a review of the action at each level of the committee structure.

The following committees may review and provide recommendations to the CEO Council:

1. Operations Committee (limited to issues relating to service provisions); and
2. Executive Committee, once convened.

The Alternative Dispute Resolution process and techniques are available in the Charter SELPA, and the Solutions Panel model could and would be utilized upon request of any party (ies).

Upon exhaustion of the review procedure as provided for herein, any Charter LEA may appeal to an Ad Hoc Committee made up of the following:

1. County Superintendent/Designee;
2. Charter SELPA Administrator/Designee
3. One CEO of a Charter School selected by the County Superintendent and the Charter SELPA Administrator. The CEO of a charter school does not have to be a member of the Charter SELPA.

The Ad Hoc Committee shall have the discretion to decide the matter by a majority vote of Ad Hoc Committee members present. Any decision of the Ad Hoc committee is final. No written record, findings of fact, nor conclusions of law shall be required of the Ad Hoc Committee. The decision of the Ad Hoc Committee shall be communicated to the parties involved and to the CEO Council at the next regularly scheduled meeting.

limited English proficiency.

All referrals for special education and related services from school staff shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student, and their effect. (5 CCR 3021)

- 5. A description of the process being used to oversee and evaluate placements in nonpublic, nonsectarian schools and the method of ensuring that all requirements of each student's individualized education program are being met. The description shall include a method for evaluating whether the student is making appropriate educational progress:**

Each Charter LEA agrees to use the Master Contract and ISA adopted by the Fresno County Charter SELPA. The NPS is required by the Master Contract and the IEP to annually evaluate the pupils (formally and informally) to determine if the student is making appropriate educational progress. As part of the IEP review process, each Charter LEA that contracts with a NPS shall evaluate the placement of its pupil(s) in such a school on at least an annual basis. The Charter LEA representative shall collaboratively review the NPS evaluation data to ensure that the results are appropriate, reliable, and valid for measuring pupil progress. The Charter LEA may determine to conduct the evaluation(s) and/or choose to administer additional assessments with parent consent.

- 6. The obligation to make FAPE available extends to those otherwise-eligible adults in county jail, age 18 to 21, who: (a) had been identified as a child with a disability and had received services in accordance with an IEP, but left school prior to their incarceration; or (b) did not have an IEP in their last educational setting, but had actually been identified as a child with a disability. (EC Section 56040)

It is the responsibility of the district of residence (DOR) to provide special education services and related services to an adult student in county jail who remains eligible for these services and wishes to receive them. The DOR is the district in which the student's parents resided when the student turned 18, unless and until the parents move to a new DOR. For conserved students, the DOR is based on the residence of the conservator. (EC Section 56041)

Each Charter SELPA LEA will coordinate with the District of Residence (DOR) to meet the obligation to make FAPE available to those other-wise eligible adults in county jail, ages 18-21 who had been identified as a child with a disability and had received services in accordance with an IEP, but left prior to their incarceration or did not have an IEP in there last educational setting, but had actually been identified as a child with a disability.

SELPA:

Fiscal Year:

Each SELPA must adhere to requirements for developing and reporting special education budget revenue and expenditures. The following excerpt is taken from California School Accounting Manual (CSAM): Procedure 755 Special Education on page 755-1 and included to assist the SELPA with completing Section D: Annual Budget Plan information for each LEA participating in the SELPA's Local Plan.

Special education budgets are complex and are of great interest to the public, both locally and statewide. *EC* Section 56205(b)(1) requires that a special education budget shall identify particular elements. Identification of the following elements is facilitated by the standardized account code structure (SACS):

1. Apportionment received by the LEA in accordance with the allocation plan adopted by the SELPA. (The apportionment is tracked in SACS in the resource field in combination with the revenue code in the object field.)
2. Administrative costs of the plan. (These costs are tracked in the function field.)
3. Costs of special education services to pupils with severe disabilities and low-incidence disabilities. (This population is identified by the goal field.)
4. Costs of special education services to pupils with nonsevere disabilities. (This population is identified by the goal field.)
5. Costs of supplemental aids and services provided to meet the individual needs of pupils placed in regular education classrooms and environments. (Costs of these aids and services are tracked in the function field.)
6. Costs of regionalized operations and services and direct instructional support by program specialists in accordance with Part 30, Chapter 7.2, Article 6, of the California *EC*, Program Specialists and Administration of Regionalized Operations and Services. (These costs are tracked in the goal field for regionalized operations and in the function field for instructional services.)
7. Use of property taxes allocated to the SELPA pursuant to *EC* Section 2572. (Property taxes allocated to the SELPA are tracked in the resource field and identified by a revenue code in the object field.)
